

THE ORACLE INSTITUTE

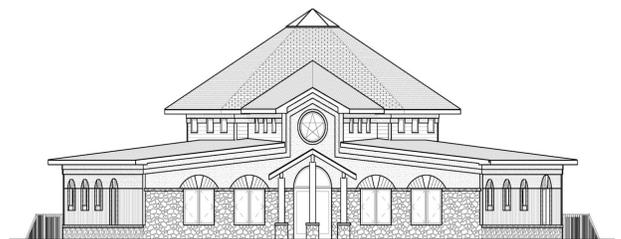

An Advocate for Enlightenment and a Vanguard for Spiritual Evolution

The Oracle Institute is a 501(c)(3) educational charity founded in 2004 by a group of like-minded souls who believe the world is undergoing a major paradigm shift – the likes of which we have not seen since Jesus walked the earth. Oracle is a think-tank that researches religiosity within America and throughout the world. We specifically reject all “End Times” prophecies. Rather, we assert the “**Trickle-Down Deity Theory**,” which posits that humanity’s view of the Godhead necessarily defines our cultural experience. Consequently, our goal is to educate the public about the divisive nature and outdated doctrine of orthodox religion so that we may *collectively* and *peacefully* progress into the 21st Century. These are the paradigms experienced to date:

First Spiritual Paradigm:	All is One	<i>circa</i> 14 billion B.C.E. (pre-Big Bang)
Second Spiritual Paradigm:	Era of the Great Mother	<i>circa</i> 25,000 B.C.E. – 5000 B.C.E.
Third Spiritual Paradigm:	Era of Gods and Goddesses	<i>circa</i> 5000 B.C.E. – 50 C.E.
Fourth Spiritual Paradigm:	Era of God the Father	<i>circa</i> 50 C.E. – 2012 C.E.
Fifth Spiritual Paradigm:	Epoch of Enlightenment	<i>very soon, hopefully!</i>

Oracle operates an award-winning publishing house, spirituality school, and center for conflict transformation. We use these departments to attain the twin goals of promoting religious freedom and spiritual evolution. Our formal mission statement is based on Thomas Jefferson’s *Act for Religious Freedom*. Our icon is the Pentacle, which represents the burgeoning Fifth Spiritual Paradigm and unity among the five primary religions (Hinduism, Judaism, Buddhism, Christianity, and Islam). And our motto is: **Truth, Love, and Light**.

Currently, Oracle is building the “**Peace Pentagon**” – a place of multi-faith study and worship, and a resource center for issues of social justice and conflict resolution. It will serve as our headquarters and as a home base for organizing national and global peace-building efforts. Employing state-of-the-art European PassivHaus design, the building is a model of 21st Century energy efficiency.

Moreover, the Peace Pentagon is located on a stunning site in Independence, VA along the New River, the oldest river in our hemisphere and second oldest river in the world. As such, the building will function as an Eco-Spiritual Retreat Center and focal point of a growing community of local residents who understand the profound nature and challenges of these times. Oracle helped start the **Unitarian Universalist Community of Independence**, the first multi-faith church in the region, which will use the Peace Pentagon sanctuary when completed.

We invite the attention of progressive media and donations from golden angels, as our work has just begun and further funding is required to manifest our ambitious plans. And we invite change agents to join our cause, which has its roots in America’s founding principles and the code of ethics overarching all spiritual traditions.
